International School
Frankfurt Rhein-Main

WHAT ISF OFFERS – GUIDE

Founded in 1995, ISF is a leading private international school serving students from Kindergarten through Grade 12. Today, approximately 800 students from around the world learn and grow at ISF as part of a supportive global community.

Students at ISF follow the globally proven SABIS® Educational System, benefiting from a rigorous academic program that promotes strong subject mastery while developing important life skills, personal confidence, and overall well-being. As a result, ISF graduates matriculate to leading universities in Germany and around the world and are known for their academic strength, independence, and readiness to succeed.

ISF offers a full-day academic program from Kindergarten through Grade 12, with optional after-school care available for students in Kindergarten through Grade 4. Alongside strong academics, students benefit from individual guidance and support, as well as a wide range of extracurricular activities and athletic opportunities within a dynamic international environment.

Our diverse multilingual community provides an ideal setting for language development. Students who are new to Germany quickly develop German language skills, while German native speakers continue to strengthen their proficiency through a curriculum aligned with the academic standards of the state of Hesse. ISF students also benefit from strong native-speaker and foreign language programs in English, Korean, Japanese, French, and Spanish.

Our students benefit from a state-of-the-art campus designed to support both academic excellence and student well-being. Facilities include large, bright classrooms equipped with the latest technology; modern science and computer laboratories; a performing arts theater; a two-story library; multiple sports fields and courts with a running track; a spacious cafeteria; and an indoor semi-Olympic-sized swimming pool.

Beyond academics, ISF offers a vibrant student life where students explore their interests, develop their talents, and take an active role in the school community. Through leadership opportunities, clubs, athletics, and school initiatives, students build confidence, collaboration skills, and a strong sense of belonging.

Most importantly, ISF provides a safe and welcoming environment where mutual respect and cooperation transcend cultural and national differences. In this collaborative atmosphere, students develop a solid foundation of knowledge and skills, a love of lifelong learning, and the ability to adapt to—and lead—in a rapidly changing world.
