

SABIS® E-books

SABIS® E-books were successfully launched in Grades 3 – 10 at ISF over the past 6 years and the reaction of our students, teachers and parents has been entirely positive. We look forward to their continued use in the school year 2023-24.

Students currently enrolled in the Academic Year 2022-23 may use the same tablet which they are currently using. However, please note that all tablets with Android™ version below 10.0 may not be compatible anymore.

New students joining Grades 3-10 in the school year 2023-24 must purchase a tablet. For the optimal experience, we highly recommend that tablets have the following specifications:

Tablet Specifications	
SPECIFICATIONS	RECOMMENDED
<i>Operating System</i>	Android™ Version 12.0 or above
<i>Internal Storage</i>	32 GB or above
<i>Processor</i>	8 Core or above
<i>Memory (RAM)</i>	3 GB or above
	10.1 inches or above
<i>Resolution</i>	1920 x 1080 or above
<i>SD Card Supported</i>	Required
<i>Stylus</i>	Preferred

Tablets purchased with the above technical specifications are expected to be compatible for up to 3 years, after which a replacement will be needed.

Important Notes

- For the Academic Year 2023-24, tablets with Android™ versions below 10.0 may **not** be used.
- For the Academic Year 2024-25, tablets with Android™ versions below 11.0 may **not** be used.
- Tablets with technical specifications less than the above recommendation may experience slower and/or inconsistent performances while accessing SABIS® tools and products.

Please also note that we recommend:

1. Purchasing a tablet without a SIM card port
2. Purchasing a cover for the tablet
3. Purchasing a power bank with a minimum capacity of 12,000 mAH and its USB cable in order to recharge the tablet at school.

Further information and instructions will be provided at a later date.
