MONITORING PROGRESS

Student progress is closely monitored through regular assessments.

From Grades 1-2, students complete monthly assessments in core subjects to ensure that they are mastering essential concepts. Beginning in Grade 3, students complete weekly assessments in mathematics. In Grade 4, students complete weekly assessments in both math and English.

If a student needs additional support, teachers provide targeted academic assistance during weekly Study Buddies or after school to ensure that every student continues to progress with confidence.

EXTRA-CURRICULAR ACTIVITIES

Students are encouraged to participate in a wide range of extracurricular activities, allowing them to explore their interests, build confidence, and develop new skills.

Options include crafts, music, chess, sports, and more. Students also showcase their talents through concerts and school events throughout the year.
